

Dr. Duke's Phytochemical and Ethnobotanical Database**Biological Activities Found in *Anabasis aphylla***

Activity	Chemical Count
Abortifacient	2
Allergenic	1
Alpha-Amylase-Inhibitor	1
Antialkali?	1
Antiaphthic	1
Antiarrhythmic	1
Antiatheromic	1
Antiatherosclerotic	1
Antibacterial	3
Anticalculic	1
Anticancer	1
Anticholinergic	1
Anticoagulant	1
Anticorony	1
Antidiabetic	1
Antidiarrheic	2
Antienteric	1
Antienzymatic	1

Activity	Chemical Count
Antiepileptic	1
Antigallstone	1
Antigastritic	1
AntiHIV	1
Antihyperammonemic	1
Antihypertensive	1
Antiinflammatory	1
Antileishmanic	1
Antilithic	2
Antimetastatic	1
Antimutagenic	2
Antinitrosaminic	1
Antiobesity	1
Antioxidant	2
Antioxidant Synergist	1
Antiprostatic	1
Antiretardation	1
Antiseborrheic	1
Antiseptic	1
Antitubercular	1

Activity	Chemical Count
Antitumor	3
Antitumor (Colon)	1
Antitumor (Prostate)	1
Antitussive	1
Antiulcer	1
Antiviral	1
Anxiolytic	1
Cancer-Preventive	1
Cardioactive	1
Cathartic	1
Chelator	1
Chemopreventive	1
CNS-Depressant	2
Demulcent	1
Diaphoretic	1
Disinfectant	1
Diuretic	1
FLavor	3
Fungicide	1
Hemostat	3

Activity	Chemical Count
Hepatotoxic	1
Hepatotropic	1
Hypocholesterolemic	2
Hypoglycemic	1
Hypotensive	1
Insecticide	1
Insectifuge	1
Irritant	2
Laxative	1
Laxative?	1
Litholytic	1
Mutagenic	1
Mycobactericide	1
Neurotoxic	1
Odontolytic	1
Oxytocic	2
Perfumery	1
Peristaltic	1
Pesticide	4
Refrigerant	1

Activity	Chemical Count
Spinoconvulsant	1
Urate-Solvent	1
