

# P ***Hyptis capitata***

## Common Name(s)

Knobweed

## How Used

M

|    | Chemical Plant Part        | Low PPM  | High PPM | StdDev | Reference Citation  |
|----|----------------------------|----------|----------|--------|---|
| 0  | 2ALPHA-HYDROXYURSOLIC-ACID | Shoot -- | --       | --     | Kashiwada, Y., et. al. 1998. Anti-AIDS Agents. 30. Anti-HIV Activity of Oleanolic Acid, Pomolic Acid, and Structurally Related Triterpenoids. J. Nat. Prod., 61 (9): 1090-1095. |
| 0  | HYPTACTIC-ACID             | Shoot -- | --       | --     | Kashiwada, Y., et. al. 1998. Anti-AIDS Agents. 30. Anti-HIV Activity of Oleanolic Acid, Pomolic Acid, and Structurally Related Triterpenoids. J. Nat. Prod., 61 (9): 1090-1095. |
| 2  | POMOLIC-ACID               | Shoot -- | --       | --     | Kashiwada, Y., et. al. 1998. Anti-AIDS Agents. 30. Anti-HIV Activity of Oleanolic Acid, Pomolic Acid, and Structurally Related Triterpenoids. J. Nat. Prod., 61 (9): 1090-1095. |
| 1  | TORMENTIC-ACID             | Shoot -- | --       | --     | Kashiwada, Y., et. al. 1998. Anti-AIDS Agents. 30. Anti-HIV Activity of Oleanolic Acid, Pomolic Acid, and Structurally Related Triterpenoids. J. Nat. Prod., 61 (9): 1090-1095. |
| 89 | URSOLIC-ACID               | Shoot -- | --       | --     | Kashiwada, Y., et. al. 1998. Anti-AIDS Agents. 30. Anti-HIV Activity of Oleanolic Acid, Pomolic Acid, and Structurally Related Triterpenoids. J. Nat. Prod., 61 (9): 1090-1095. |
